

6th Research & Conservation Conference

Friday, November 9th, 2018
Simcoe Recreation Centre:
Norfolk and Dogwood Rooms
Simcoe, Ontario

You're invited!

As one of Canada's 18 Biosphere Reserves designated by United Nations Educational, Scientific and Cultural Organization (UNESCO), the Long Point World Biosphere provides support for research, monitoring, education and information exchange related to local, national and global issues of conservation and development.

Our 6th Research & Conservation Conference is an excellent opportunity for academic and student researchers, government agencies, members of NGO's and the public to take part in a lively exchange of ideas related to local environmental sustainability and conservation. We look forward to showcasing a broad range of topics and themes within the Long Point Region Watershed.

Come celebrate the Long Point Region with us, and learn more about the research and conservation projects taking place in and around your Long Point World Biosphere Reserve. We encourage you to pass this open invitation on to your friends, family, work partners, volunteers, researchers, students, etc. All are welcome to attend.

Ticket Registration

Please join us! Pre-register by November 1st. Tickets are just \$15.00 including lunch. Register on-line at <http://longpointbiosphere.com/community-conservation/conference/>

Additional Information:

Tara Carpenter, Conference Manager: taracarpenter.lpwbrf@gmail.com
Sandy Jukes, Administrative Coordinator: admin@longpointbiosphere.com
